

Sauna Purchase & Installation Planner

Plan the room, power, delivery and total project cost before choosing the product.

THE HOUSE OF LAS RULE

Do not choose from the product photo first. Decide the space, installation constraints, real use case and all-in budget before narrowing the brand.

This planner belongs to

Name

Project address

Target purchase date

Important

This is a purchasing aid, not electrical, structural, medical or permitting advice. Verify requirements with the manufacturer and qualified professionals for the exact product and location.

What are you actually buying?

- ☐ Personal use - usually one person
- ☐ Couple or two-person shared sessions
- ☐ Family or regular group use
- ☐ Indoor installation
- ☐ Outdoor installation
- ☐ Infrared heat
- ☐ Traditional heater and steam / loyly
- ☐ Hybrid system

Expected users at one time

Sessions per week

Typical session length

Must-have feature

Feature I can live without

Capacity reality check

Size for the number of people who will use the sauna together regularly - not a hypothetical holiday gathering. Review current interior dimensions and bench layout because person-count labels do not guarantee comfort.

Prove that it fits before checkout.

Available width

Available depth

Available height

Required side clearance

Required overhead clearance

Door swing / entry clearance

Service access space

Delivery path

- ☐ Driveway and property access checked
- ☐ Gate width measured
- ☐ Exterior and interior door widths measured
- ☐ Stairs, turns and elevators documented
- ☐ Final placement surface verified
- ☐ Assembly location has working clearance
- ☐ Delivery service inclusions confirmed in writing

Largest delivery-path restriction: _____

Questions for the electrician and installer

Manufacturer voltage

Manufacturer amperage

Dedicated circuit required

Plug or hardwire

Panel capacity confirmed by

Quoted electrical cost

Permit / inspection needed

- ☐ Current installation manual obtained
- ☐ Exact model number matches the manual
- ☐ Clearance requirements reviewed
- ☐ Indoor / outdoor rating matches planned location
- ☐ Ventilation requirements reviewed
- ☐ Base, flooring or pad requirement confirmed
- ☐ Warranty conditions reviewed
- ☐ Installer scope and exclusions are written

Professional notes

Budget for the project, not the product.

PROJECT ITEM	ESTIMATE	CONFIRMED
Sauna unit	\$	\$
Delivery	\$	\$
Site or room preparation	\$	\$
Electrical work	\$	\$
Assembly or installation	\$	\$
Permits or inspections	\$	\$
Accessories	\$	\$
Contingency (10-15%)	\$	\$
TOTAL PROJECT BUDGET	\$	\$

Do not order until every box is true.

- ☐ The assembled unit fits with required clearances.
- ☐ The delivery path works.
- ☐ A qualified professional confirmed the electrical plan.
- ☐ The installation location is permitted and appropriate.
- ☐ The all-in cost fits the budget.
- ☐ The capacity matches regular use.
- ☐ The current warranty and return terms are acceptable.
- ☐ The exact live price and specifications were rechecked.

FINAL DECISION	☐ GO	☐ PAUSE	☐ NO-GO
